Greetings from everyone at 5.11 Tactical Series, and welcome to our Spring 2008 catalog. This season we're introducing some new items, including a lightweight tactical pant called the Taclite Pro, and new Covert Casual shirts with unique concealed carry and plain-clothed options. We've also added new Tactical Nylon gear, all field tested by Viking Tactics, including two new double rifle cases with backpack straps, kit bags and other new items.

5.11 Tactical brings experienced operators and officers together at frequent product development meetings to generate new product ideas and ways to refine existing items. These meetings are where the real-world experience of officers and operators shapes future 5.11 Tactical products. We couldn't do it without their involvement. I want to pause a moment and offer a heartfelt "Thank You" to everyone who has participated – directly or indirectly – in our product development meetings.

Because we're positive that our apparel and gear will meet your expectations, all 5.11 Tactical Series products are guaranteed against defects in materials and workmanship. If something goes wrong, let us know and we'll make it right.

We're pleased to share news of our inclusion in the Inc 500 list of America's fastest growing private companies! Thanks for being our customer, we couldn't do it without you.

Sincerely,

Dan Costa
CEO

Inc.

TACLITE™ PRO PANT

Our new 5.11 Taclite Pro Pant features a lightweight poly-cotton ripstop fabric and a fully gusseted crotch that allows for full range of movement. The Taclite Pro has been treated with Teflon for stain and soil resistance. Pair that with the non-fading nature of poly-cotton and you have an extremely functional pant that maintains a neat, clean and professional appearance. As part of the introduction of the Taclite Pro, we're including a free 1-3/4" TDU belt with every pair for a limited time. TDU belts are non-metallic and are valued at \$15. Taclite Pros are made of lightweight 65% polyester/35% cotton ripstop and are available in six colors. Imported.

THE AUTHENTIC 5.11 TACTICAL PANT

Built to offer lasting performance, durability and comfort, the authentic 5.11 Tactical Pant has a 30-year history serving federal, state and local Law Enforcement. The pant features our patented tactical strap, trademark slash pockets and double-thick seat. The magazine/ cell phone pocket and the corners of the slash pockets are Cordura® lined for durability. Double-thick knees can hold kneepads, and the comfort waist makes things, well, comfortable. Available in 8.5-oz., 100% cotton canvas or a quick-drying 7.4-oz. nylon canvas. Imported.

5.11 SHORTS

The 5.11 Tactical Short and 5.11 Academy Short feature our patented rear strap and slash pockets. The Tactical short is identical to our pant, but with a 9" inseam (women's inseam is 8"). Choose from 8.5-oz., 100% cotton canvas or 7.4-oz. nylon canvas. The Academy short features slightly different, wrap-around pockets and a 6.5" inseam and is available in an 8.5-oz., 100% cotton canvas. Imported.

COVERT CASUAL SHIRT

New for spring, the Covert Casual Shirt allows plain-clothed, undercover officers and CCW holders to go about their business in a comfortable, casual shirt that's packed with concealed performance. Made from a lightweight polynesian rayon fabric that is moisture wicking, and has a great feel. The interior of the shirt features CovertMesh™, a lightweight mesh lining that will drape on your sidearm, allowing the outer layer to drape naturally – helping to reduce printing. The front features internal concealment pockets located behind the RAPIDDraw™ center placket. Four buttons are stitched to the front placket for a normal appearance, but have small metal snaps behind them that allow quick access to a shoulder holster, the Covert Casual Shirt's hidden pockets or our Holster Shirt worn underneath. The Covert Casual shirt is cut long to provide additional concealment while the bottom side vents also breakaway to offer rapid sidearm access. The Covert Casual Shirt looks great with our Covert Khakis and is available in three colors. Imported.

71170 Covert Casual Shirt M-3XL (3XL \$54.99) \$49.99

KNOCK KNOCK

PRODUCT DEVELOPMENT AT 5.11 TACTICAL

We hold development meetings at locations around the world all year long. We bring in a wide range of operators and officers for these meetings to help us learn what they want and need in gear and apparel. These operators are a critical part of the 5.11 team and their involvement in product development is what makes our products work in the real world.

Our product designers and developers work hand in hand with these operators to understand their expectations for new products, how those products will be used, and what kind of functionality operators are looking for.

The 5.11 Tactical Series boots and TDUs are a great example of the end result from these development meetings. Products based on the real-world experience of our end users.

FIRE RETARDANT COTTON

FR-x3™ is a revolutionary new fire-retardant fabric exclusive to 5.11 Tactical. This unique material contains 51% S.P.™ cotton and 49% FR-x3 modacrylic fiber. It inherits cotton's natural breathability, comfort and ease of care. Its fire-retardant nature is inherent to the fabric and doesn't wash or wear out. FR-x3 exceeds minimum standards in NFPA tests for after-flame and no-drip properties according to **ASTM D6413**.

- ✓ FIRE RETARDANT
- ✓ NO AFTER-FLAME
- ✓ NO DRIP
- ✓ EASY CARE
- ✓ COMFORTABLE

FLASH CREW SHIRTS

We're offering two FLASH Crew Shirts, a short sleeve crew-neck and a long sleeve mock-neck. Both shirts feature saddle-shoulder construction. This takes more time and material to produce, but the result is worth it. You'll find these shirts comfortable – even with all your gear on. In addition to the fire-retardant nature of the FR-x3 fabric, the material is antimicrobial and moisture wicking – for a great combination of comfort and performance. 51% S.P.™ cotton and 49% FR-x3 modacrylic. Imported.

FLASH JUMPSUIT

Loaded with features like our TDU™ Jumpsuit (next page), our FLASH Jumpsuit takes performance to another level and is built from fire-retardant FR-x3™ twill fabric. A mandarin collar and Velcro® closures at the wrist and ankle make this an ideal garment for high-risk teams where flash is a potential hazard.

Features include BBS™-compatible cargo pockets and 5.11's hidden document pockets. Triple-stitching, bartacks, an adjustable waist, belt-keepers and double-layered seat, knees and elbows complete this garment. 5.7-oz. 51% S.P.™ cotton and 49% FR-x3 modacrylic. fire-retardant twill. Imported.

FLASH PANT

Patterned after our original 5.11 Tactical Pant, the FLASH™ pant has a wider leg opening (more of a boot cut), a welted wallet pocket and comes with an end-user-preferred melamine button rather than a metal snap. Made of durable 8.5-oz. FR-x3™ canvas and constructed with traditional 5.11 toughness like bartacks (48 to be exact) and triple-stitching, the pant also features a self-adjusting tunnel waist like our TDU™ and Uniform pants. 51% S.P.™ cotton and 49% FR-x3 modacrylic. Imported.

74262 28-44, even inseams 30-36 \$89.99
Black 019, Dark Navy 724

TDU JUMPSUIT

Our jumpsuit shares the design features of our TDUs, including BBS™-compatible cargo pockets, hook-and-loop closures on wrist and leg openings, hidden document pockets and even removable knee and elbow pads (a \$26 value). Triple-stitching and bartacks are also used extensively throughout. The jumpsuit has an adjustable waist with built-in belt keepers, a two-way mandarin collar and is treated with Teflon® for stain and soil resistance.

The TDU jumpsuit is feature-packed and we're sure you'll find it's the most comfortable and functionally innovative jumpsuit around. Available in 5.78-oz. poly-cotton twill. Imported.

TACTICAL POLO

TACTICAL POLO

Our Tactical Polo features a 100% smooth cotton fabric that's very soft to the touch, has a moisture-wicking finish and won't shrink, wrinkle or fade and easily accepts embroidery or imprinting. Mic-clip pockets are located at each shoulder and a mic-loop is placed at the bottom of the placket at the sternum level. Pen pockets are found on the left sleeve, and like our Professional Polo, it features our no-roll collar and is available in long and short-sleeved versions. 6.4-oz., 100% cotton interlock fabric. Imported.

5.11 Professional Polos feature a 100% cotton pique knit that doesn't shrink, wrinkle or fade and are great for embroidery.

Professional Polos feature 5.11's no-roll collars and pen pockets on the left sleeve

Women's Polos
also available.

PROFESSIONAL POLOS

We want you to look **NEAT, CLEAN and PROFESSIONAL**, so our polos feature an exclusive, 100% cotton pique knit that doesn't shrink, wrinkle or fade, as well as a no-roll collar so your shirt looks great even after frequent washing. The fabric has a soft feel, yet is durable enough to withstand the daily rigors of uniform use. Because the garment doesn't shrink, it's ideal for embroidery and won't pucker when stitched. The Professional Polo is now available in TALL sizes, which adds 2" to the body length and to the measurement of the long sleeves. Available with long or short sleeves. The Women's Professional Polo is sized and cut specifically for women. Imported.

PERFORMANCE POLO

PERFORMANCE POLO

Velcro® is no match for 5.11's new snag-free Performance Polo. Because synthetic polos have a history of snagging on things like keys, duty belts and Velcro®, we've engineered a new performance fabric that won't snag or pill and have built the first snag-free, synthetic polo from that proprietary fabric. The Performance Polo is also antimicrobial: it prevents odor-causing bacteria, constantly wicks away moisture and dries fast to keep you comfortable. Mic-clip pockets are conveniently located on each shoulder, and a mic-clip loop is found at the bottom of the placket. In addition, the Performance Polo's gusseted sleeves offer you complete range of motion. Imported.

Competitor's polo snags on Velcro®.

Our specially engineered fabric doesn't snag when it comes into contact with Velcro® or other abrasive surfaces.

HOLSTER SHIRT

Designed for deep cover or everyday wear, the Holster Shirt securely stows a small revolver or compact auto-loader out of sight, but within reach if necessary. An opaque outer mesh layer prevents printing while an inner terrycloth layer faces your skin, making it comfortable to wear all day, and also provides cushioning. Our Holster Shirt does double duty as workout wear as the pockets make an ideal place to drop your radio, mp3 player or energy bar. A mesh shoulder yoke redistributes the weight of your backup so the shirt doesn't sag. Flat-lock seams reduce friction and prevent chafing. Garment is constructed of moisture-wicking, antibacterial and quick-drying fabric. 80% polyester/20% spandex. Imported.

Three distinct zones of support

MUSCLE MAPPING SHIRT

Designed specifically for Law Enforcement officers who want a compression garment, but need one designed for LE use, the Muscle Mapping™ shirt features three distinct zones of compression that allow for greater range of motion, while adding support and comfort throughout the day. Saddle-shoulder construction and flat-lock seams make this shirt irritation-free underneath your body armor. Moisture-wicking and antibacterial properties help keep you comfortable. 88% Tactel nylon/7% nylon/5% spandex. Imported.

LOOSE FIT 5.11 UNDERGEAR™

Designed for casual or workout wear, our Loose Fit 5.11 Undergear™ shirts feature key design elements such as saddle-shoulder construction for greater range of motion, an underarm mesh panel that allows moisture to vent and evaporate easily, and flat-lock seams to reduce friction and prevent chafing. Undergear is made of our moisture-wicking, antimicrobial and quick-drying fabric. Generously sized. 100% polyester. Imported.

UTILI-T 3 PACK T-SHIRTS

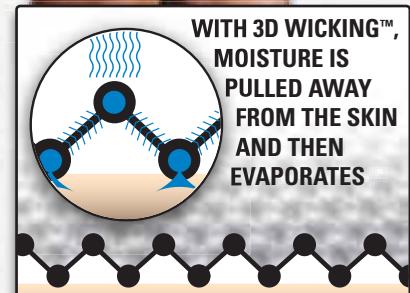

Looking for THE BEST 100% cotton undershirt? We have what you're looking for... The Utili-T™ from 5.11 Tactical is ringspun, 4.5-oz., 100% cotton and is super soft and comfortable. Better yet, the shirt is cut extra long so it stays tucked in under your vest and/or shirt. The fabric is also moisture wicking, keeping you more comfortable all day. The 1" high-density collar stays flat even after repeated wear and wash cycles. The label is heat-printed, so there's no tag to irritate the back of your neck. Imported. Utili-Ts are sold in 3-packs for **only \$19.99!** Imported.

SPORTS BRIEF

Our Sports Brief is cut for an athletic fit and is built with state-of-the-art fabrics and manufacturing processes. Our 3D Wicking™ construction creates a three-dimensional fiber designed to rapidly wick moisture away from your skin, and just as rapidly evaporate. A blend of 80% polyester and 20% spandex make the briefs stretchable, comfortable, breathable and quick-drying – great for everyday wear or travel. They feature a 1-1/2" quality elastic waistband. Imported.

5.11 UNIFORMS

The 5.11 Uniform shirt comes with permanent, sewn-in military creases to maintain a clean and professional look. Performance features like our bi-swing shoulder design and reinforced collar and cuffs make this shirt ideal for everyday uniform wear. Poly/Rayon shirts are treated with Teflon® for stain and soil resistance and all shirts include badge tabs, attached epaulets and a zippered front placket with buttons on the facing. Available with long or short sleeves. The long sleeve version features a double-layered elbow and the short sleeve shirt features a spread collar. B-Class shirt is pictured at left and features the addition of our hidden document pockets.

Designed to be a comfortable and professional pant, the 5.11 Uniform Pant features permanent creases, a gripper waistband shirt stay and a diamond-gusseted crotch. Poly/Rayon pants are treated with Teflon® for stain resistance and all pants incorporate a self-adjusting comfort waist. Poly/wool pants feature Lycra® for greater range of motion. B-Class pants are pictured (left) and feature a Back-Up Belt System™-compatible cargo pocket with internal dividers.

5.11 Tactical uniforms are available in a wide range of sizes, colors and features:

- A-Class or B-Class
- Poly/Wool or Poly/Rayon
- Short sleeve or long sleeve
- Short/Regular/Long (long sleeve)
- Men's shirt sizes S-6XL
- Men's pant sizes 28-60

LINED DUTY JACKET

The BEST value in Law Enforcement. Our Lined Duty Jacket has that traditional duty appearance and is built from a durable, seam-sealed waterproof nylon shell with a fleece lining and interior nylon liner. YKK® zippers, Back-Up Belt System™-compatible pockets and bi-swing shoulders add performance. Front patch pockets with bellows, a sleeve pocket and hidden handwarmer pockets add utility. The Lined Duty Jacket features a free ANSI/ISEA 207-2006 traffic vest – a \$40 value. The jacket is built to be easily embroidered. Imported.

SPECIALIST JACKET

The pinnacle of law enforcement duty outerwear, the Specialist Jacket brings the latest in soft-shell outerwear. The new triple-layered, laminated micro-polyester fabric is durable, waterproof/breathable and windproof. This material is welded and seam-sealed and offers our most waterproof construction ever. Traditional duty features like epaulets, a badge tab, waist-length cut, side zippers and front patch pockets plus our BBS™ make the Specialist an extraordinary duty jacket.

The Specialist features a removable, wind-resistant fleece liner with clean lines. It stays warm when wet, doesn't absorb water and won't pill. Nylon panels add durability and a knit collar and cuffs help keep the heat in and the wind out. Both the shell and the fleece include sleeve pockets. The Specialist Jacket comes with an ANSI/ISEA 207-2006 traffic vest – a \$40 value – that can be stored in the rear pocket. Imported.

Black 019, Dark Navy 724

3M Scotchlite™

HIGH-VIS REVERSIBLE JACKET

A jacket-length ANSI III-rated jacket that reverses to solid black. This is an update to the previous style and comes with several design and feature improvements. The reversed (black) side is now a durable nylon and all black. The shell itself features our High Performance waterproof/breathable seam-sealed construction for great waterproof performance. Mic loops, Back-Up Belt System™ pockets and an array of other pockets make this a truly functional jacket. The exterior shell is high-vis yellow and features 3M Scotchlite™ reflective tape and a removable hood that can be stored in the collar or rear pocket. Imported.

48037 XS-4XL (3XL+ \$139.99) \$129.99

3M Scotchlite™

3-IN-1 REVERSIBLE HIGH-VIS PARKA

A combination of all the best features you're looking for. Built like our 3-in-1 Parka (see page 25) with a removable fleece liner, High Performance waterproof/breathable construction, side zippers, Back-Up Belt System™ and more, the 3-in-1 Reversible High-Vis Parka adds the ability to reverse to an all-black appearance. The black side is a durable nylon and the included fleece jacket is all black. 3M Scotchlite™ reflective tape makes the parka highly visible. The parka also features mic-loops, badge tabs and side zippers. May be imprinted. Imported.

3-IN-1 PARKA

The 3-in-1 Parka delivers exceptional warmth and waterproof-breathable versatility. This parka-length coat falls over your hips and offers additional protection from weather and better sidearm concealment. The removable fleece jacket can be worn separately or zipped in for added warmth. The 3-in-1 includes a free ANSI/ISEA 207-2006 traffic vest (a \$40 value). ID panels on the front and back can be imprinted or purchased preprinted (see page 24). The Back-Up Belt System™ rounds out this great parka and offers you the ability to carry additional gear. See more information about the Back-Up Belt System™ on page 26. Imported.

Welded seams, waterproof zippers and flag holders.

SABRE JACKET

The 5.11 Sabre Jacket brings breakthrough technology in outerwear materials and construction to Law Enforcement.

The jacket features a laminated, 3-layer micro-polyester shell that is lightweight, durable, windproof, waterproof and breathable – plus it feels great. Welded seams and watertight YKK® zippers (with zipper garages) make this one of our most waterproof jackets ever. A removable hood snaps on the collar and can be stowed in the rear pocket. Underarm zippers can be opened for more ventilation. Concealed ID panels on the front and back of the jacket can be imprinted or removed altogether. A total of 6 external pockets make it easy to stow extra small gear. Imported.

5.11 KICK TOE

A revolutionary idea in footwear technology, the Kick-Toe is made of a high strength composite that protects your toes against accidental impacts by breaching gear, door frames – or the guy in front of you.

KICK TOE

This C-shaped composite rises from the footbed to about the same height as your toes, but does not cover them. You get the benefit of a hard toe boot without the uncomfortable pinch and clumsy weight of safety toe boots.

TALON STABILIZER

TALON STABILIZER

XPRT Boots feature the new Talon Stabilizer from 5.11 Tactical, a first in Law Enforcement footwear. The Talon yoke wraps around your ankle and locks your foot securely in its grasp, giving our XPRT boots an extraordinary level of support while keeping the boot lightweight and comfortable.

CINCH SYSTEM

CINCH SYSTEM

XPRT Boots also feature 5.11's new Cinch System™ that allows you to securely fasten your boots and just as quickly release them. The Cinch System™ can be removed entirely and used on its own as a handy system to secure paracord.

30-DAY UNCONDITIONAL GUARANTEE

We are so confident that you will fall in love with our boots that **IF THERE IS ANYTHING THAT YOU ARE NOT SATISFIED WITH, SIMPLY RETURN THEM WITHIN 30 DAYS OF PURCHASE** and we will give you a full refund! As always, 5.11 Tactical warranties our boots against defects in materials or workmanship for a period of **one year** from the date of purchase.

READ MORE THAN 3500 BOOT TESTIMONIALS FROM REAL-WORLD CUSTOMERS AT WWW.511TACTICAL.COM

Awesome product! Comfortable, durable, and a great price. Thanks! • Great product - you provide comfort, support and a versatility in a zip up boot. Thanks! • These boot are comfortable, lightweight and great to wear. • Excellent boot, strong, sturdy and comfortable • I have really liked all of the 5.11 merchandise I have purchased. Keep up the good, innovative work • I like them so much, I have a pair in black and another in coyote! • They are made more comfortable than my XXX. I'm 6'5" they make my feet feel good. • Boots are great! I also like the 5.11 pants. Keep up the good work • The most comfortable boots that I have ever owned • Best work boot I've owned • I've wore XXX, XXX, XXX and XXXs. The best of all those boots is what I've found in 5.11's. • Everyone I know who has your boots say nothing but good things about them • I am very impressed with the quality of all of your products. This is my 3rd pair of 5.11's and I will continue to purchased them & have recommended them to several other officers I work with • Excellent fit. Lightweight with comfortable fit in arch area. • Better than I expected • Definitely my next pair of boots will be 5.11. 1st time having this brand. But very satisfy. • These boots are the most comfortable to wear for the job as a firefighter • I loved my first pair so much I had to get another for work. • 2nd pair of 5.11 boots they are very comfortable • I will buy a pair every year till I retire. Best boots I have found in 20 years • These boots have made my deployment bearable! • Boot feels great right out of the box-price was right also • Their great real comfortable even after 12 hour of standing and walking around • I've purchased boots that were twice the price of 5.11. The 5.11 were more comfortable and outlasted them all. Thank you - customer for life. • Lightweight, cool, comfortable. What else could you need. Thanks

My first pair of 5.11s are the most comfortable field boot I've ever had - served me very well in Iraq and Jordan • Very light & comfortable • Highly recommended for my work as an EMT • As a police officer I'm on my feet a lot I find 5.11 boots extremely comfortable • This is my 2nd pair of the exact same boots and I am very happy with them. They are very comfortable and sturdy • Best fit, comfortable, shock resistance love em • Great comfort & ankle support-excellent products • Love all the products • a very good firm fitting shoe that I would recommend to all my friends • The boots are great! • Love the boots, will keep buying them as long as you keep making them • Very nice boots • 5.11 are Legendary but Texas is HOT these new HRT's solve the problem-they are heaven • I've tried other brands, 5.11 is by far the best. • Great fit, really comfy • They're comfortable, especially when you're on your feet all day • Wonderful & very comfortable • Light, good support sturdy easy to put on and take off • The 5.11 HRT's are lighter, faster and more comfortable than any other current standard issue military boot. Great job! • This is my second pair of boots. I have the tall ones. They are the best. I love them. • This is my second pair and I have been very pleased with the quality of your products. Thanks • So far these are the most comfortable boots I have had on my feet. I hope they prove well during a road march • THE BEST! Greatest boots I've ever purchased, my 2nd pair- wouldn't work without them • Excellent boots & socks! Both are very comfortable and provide superior shock absorption & support • Your boots are great! They are extremely comfortable and feel like tennis shoes • Very comfortable, great insole cushion, easy to take off & put on. • 5.11 bad ass • BEST boots I own. I've got a pair of work, motorcycle riding & everyday walking. • Will be deploying again to Iraq in may (3rd time) and wanted a comfortable pair of boots! • Awesome boot • Awesome! The best boots in the world. • I like your styles in the clothing line. I also like the shoes because the are so comfortable. • Lightweight, comfortable & affordable boot for LE • Thank you for making such great boots. Best value of any other gear • Great boots! • They are the best boots I have owned! Very comfortable! • After 30+ years in law enforcement finally found a comfortable boot off the shelf. • I like the style & look of the boot. They fit great! Thanks • Boots are light, comfortable and reasonable priced • I have not found a better pair of boots. I am trying to get my Lt. to purchase the HRT's for my ERT team • Very comfortable & lightweight • These boots, are awesome! The ATAC storms 8" are better than the XXXXX I had. • The boots fit and wear great-they look cool too! • Love them! • I use several 5.11 products & have always been pleased w/ fit & quality • I love the gear 5.11 makes but even more the boots. They're more comfortable than shoes. • Good support, comfort & durable • Better than my XXXX! • This is the 2nd pair of 5.11 boots I have bought. 1st pair lasted 3 years. Great comfort!!! • Love them • Comfort from the box, have worn them 16 straight hours in your socks and never sweated • Great products-best I've ever worn in 10 years of law enforcement.

A critical component of every pair of 5.11 boots, the Shock Mitigation System™ provides the support of a traditional combat boot, the comfort and durability of a cross trainer and the performance of a running shoe.

5.11

TACTICAL SERIES®

DESIGNED BY *Jeff Gonzales*

◀ TAC-NFO

The Tac-NFO is an enhanced flight glove with performance strictly in mind. 5.11's TacticalTouch™ provides the dexterity and comfort each operator needs while a Nomex® fabric offers enhanced heat and flame resistance. Wrist is shaped for easy watch wear. A full cow leather palm, with additional leather layers in high-friction areas, provides durability and form-fitting flexibility. Imported.

59304 S-2XL \$39.99
Black 019, Coyote 120

TAC-NFOE ▶

The Tac-NFOE is a full-length flight glove with Nomex® fabric. Wrist is elasticized with a hook-and-loop closure to help the glove remain in place. A pull-tab makes getting the glove on easier. Full cow leather palm with leather reinforcements and fingertips. Imported.

59305 S-2XL \$44.99
Black 019, Coyote 120

TacticalTouch™ is our method of design and construction for our gloves. A solid piece of leather forms the palm and underside of the fingers, and wraps up and over the fingertip, leaving the pad of your finger free of seams for maximum dexterity.

TAC-A ►

Synthetic suede palm and gussets. PU leather grip pads, pull tab and hook-and-loop closure at the wrist. Shaped to easily accommodate watch wear. TacticalTouch™ for maximum dexterity. Imported.

59300 S-2XL \$24.99

FASTAC GLOVE ►

To provide added protection from the heat and friction generated when fast-roping, a full-grain bovine leather second palm extends over the palm and to the second joint of your fingers. A layer of leather wraps over and around the saddle of your thumb (between thumb and index finger) for added protection. Imported.

59306 S-2XL \$54.99

◀ TAC-AK

KEVLAR

The Tac-AK glove features a Kevlar® and leather construction. Kevlar® provides extra protection from cuts and scratches on the back of your hand. A natural cow leather palm and gussets allow breathability and natural fit. Leather grip pads, pull tab and hook-and-loop closure at the wrist. Like all 5.11 gloves, it has TacticalTouch™ fingertips. Imported.

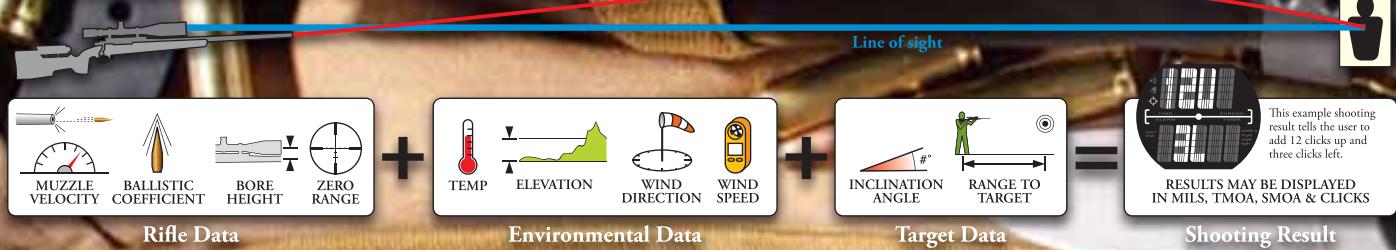

59302 S-2XL \$44.99

TACTICAL TIMEPIECES

ballistic calculator is only available from 5.11 Tactical Series®
Produced in partnership with Horus Vision, LLC.

The SureShot™ ballistic calculator is a joint venture between 5.11 Tactical and Horus Vision™ and allows the long range competitor, military or law enforcement sniper or long range hunter to accurately calculate a bullet's flight and ultimate point of impact based on inputting known data about your rifle, temperature, altitude and more. The SureShot ballistic calculator can accurately calculate your 'dope' out to 1200 yards - and beyond.

HRT WATCHES

Our HRT watches are available in rugged titanium or classic brushed stainless steel. The watches are waterproof to 30 meters, include standard chronograph features and showcase the revolutionary SureShot™ ballistic calculator. Each watch has a uni-directional bezel to help mark your time and chargeable luminescent markings. The titanium watch comes with rubber and leather bands. Imported.

HRT Titanium Watch
59209 \$299.99

HRT Stainless Steel Watch
59222 \$299.99

FIELD OPS WATCH - UPDATED DESIGN

Available in three field-ready colors, the Field Ops Watch is built on a high-density polycarbonate frame and features 5.11's SureShot™ ballistic calculator, a digital compass and traditional chronograph features. (Chrono includes three time zones, alarm, stopwatch, countdown timer and day/date displays.) The Field Ops also has a turnable bezel with directional markings and includes an optional extended band for wearing the watch over your gloves. Imported.

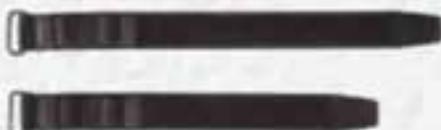

59245 \$239.99

POLARIZED ANSI Z87.1-2003 EYE PROTECTION

We've worked closely with the manufacturer of our normal lenses to develop Polarized lenses that will pass the ANSI Z87.1-2003 standard. Hawk, Falcon and Harrier styles are available with a 2.2mm polycarbonate polarized lens. All 5.11 Eye Protection passes the ANSI Z87.1-2003 standard and provide UV A/B protection.

RUGGED FRAMES

The nylon used in our frames is nylon 6.6, specially formulated to strike a good balance between rigidity and flexibility. Frames feature subtle 5.11 branding and rubber over-molded nose and earpieces for a comfortable, and lasting fit.

5.11 
TACTICAL SERIES

DESIGNED BY *Jeff Gonzales*

Meets ANSI Z87.1-2003:
High Velocity Impact-7.2.1.2
High Mass Impact-7.4.2
Dart Penetration-7.4.2.1.3
Optical Qualities-7.4.3.1
Prismatic Power-7.4.3.2
Transmittance-7.4.3.6

ANSI Z87.1-2003
BALLISTIC PROTECTION

HAWK

The Hawk is a classically styled sunglass that offers ANSI Z87.1-2003 standards and is available with an UV A/B smoke lens. The Hawk features 2.2mm polycarbonate lenses for unsurpassed clarity and optical performance. Includes case, leash and cleaner/bag. Imported.

52001 Hawk \$59.99
Gloss Black Frames, Smoke lens

NEW 52002 Hawk +P+ \$79.99
Gloss Black Frames, Polarized lens

ANSI Z87.1-2003
BALLISTIC PROTECTION

FALCON

For operators who prefer a more aggressive style, the Falcon features a wrapped design that sits close to your face. 2.2mm polycarbonate lenses offer excellent optical clarity, UV A/B protection and pass ANSI Z87.1-2003 standards. Available with smoke lenses. Includes case, leash and cleaner/bag. Imported. Falcon

52101 Falcon \$59.99
Gloss Black Frames, Smoke lens

NEW 52102 Falcon +P+ \$79.99
Gloss Black Frames, Polarized lens

ANSI Z87.1-2003

BALLISTIC PROTECTION

HARRIER

The Harrier blends a wrap-around appearance with excellent visibility. The half-frame design offers unobstructed visibility along the bottom of your field of view. Like the Hawk and Falcon, 2.2mm top-quality polycarbonate lenses pass ANSI Z87.1-2003 standards and feature UV A/B protection. The Harrier is available with a set of smoke, amber and clear lenses. Includes case, leash, cleaner/bag and compartmentalized lens bag. Imported.

52208 Harrier Kit \$69.99
Matte Black Frames, 3 lenses: Smoke, Amber, Clear

NEW 52203 Harrier +P+ \$79.99
Matte Black Frames, Polarized lens

ANSI Z87.1-2003

BALLISTIC PROTECTION

EAGLE

Offering full-view ballistic and impact protection with ANSI Z87.1-2003 standards, the Eagle is the choice for range officers and operators who require wraparound protection and visibility. Features 2.2mm polycarbonate UV A/B lenses. The Eagle is available with a clear lens, or a full set of smoke, amber and clear lenses. Includes case, leash and cleaner/bag. Imported.

FREE ACCESSORY KIT - A \$15 VALUE

5.11 sunglasses come with a hard foam carry case that features 5.11's SlickStick™ attachment and is molle-compatible. Glasses come packed with a leash and microfiber bag/cleaning cloth.

REVOLUTION™ HOLSTERS

5.11 Tactical and Blade-Tech have partnered together to bring you the Revolution line of holsters.

Using a proprietary blend of polymers, we've engineered these holsters to offer lifetime performance in a wide range of conditions. The holsters don't become soft in extreme temperatures (over 300° F) and won't become fragile in low temperatures.

We've created a special slick-surface polymer, one that won't wear the finish of your gun like a leather holster. Revolution holsters provide a level 1 retention. When inserted into the holster, your sidearm seats positively with an audible 'click.' Retention screws can be tightened or loosened for your personal preference.

Holsters come with a belt-loop (adjustable for a 1-1/4" to 2-1/4" belt, and adjustable for cant) plus a paddle that can be adjusted for cant (vertical, FBI or muzzle-forward). You won't find an equivalent holster at a comparable price anywhere. At only \$29.99 for the holster, belt loop and paddle, this is a great value. Made in the USA.

NO MELTED HOLSTERS

Because of the makeup of our proprietary polymer, our holsters have much higher temperature tolerance than other injection molded holsters. Other holsters deform or even melt at lower temperatures than the 5.11 Tactical Revolution holsters – which are stable at temperatures over 300° Fahrenheit!

MAGAZINE POUCHES

Built with the same precision as our holsters, we have single-stack and double-stack mag pouches, each designed to carry two magazines. Mag pouches feature our adjustable belt loop and adjustable retention screws. Our magazine pouches feature the same style of adjustable belt loop as our Revolution holsters. They're adjustable to accept belts from 1-1/4" to 2-1/4" in width and can be positioned to have the pouch ride higher or lower on the belt. Made in the USA.

59168 Double Mag Pouch, Glock Double Stack 45	\$19.99

TRAINING BARRELS

Truly an innovative idea, these training barrels from Blade-Tech were created to give you the opportunity to train with your own weapon, rather than a colored training gun. Molded in bright yellow, high-impact plastic, the Training Barrel replaces your factory barrel. It announces its presence by showing bright yellow in the ejection port and muzzle, yet allows you to work the slide, safety(s) and load/drop magazines like normal. The Training Barrel is installed just like you would install a factory barrel. Made in the USA.

GEARED TO GO

Features name-tape holder, organizer panels and a light colored interior.

Seatbelt slash on back
(Seen in passenger seat above,
seatbelt runs through slash and
secures bag while in motion.)

3-IN-1 PATROL BAG

Why 3-in-1? We think you'll find this bag great for patrol, range and travel. The large interior compartment (19" x 13-1/2" x 6-1/4") has a removable and adjustable center divider and a web platform interior panel. Its full-width front pocket features an inner divider to hold file folders or a clipboard. One side pocket has an organization panel with spots for pens, business cards and other items; the other side pocket is open with a slot for maps or similar flat items. The front includes a name-tape holder and the back has a diagonal slash that allows you to secure the bag to your passenger seat by running the seat belt through it. Built from 600-denier polyester. Imported.

56021 \$69.99

SIDE TRIP BRIEFCASE

The Side Trip is a medium-sized, multi-function bag geared for everyday use, but big enough for a trip out of town for the weekend. While maintaining a pretty basic and businesslike exterior, the interior is loaded with features that offer the operator or officer superior functionality. A light-colored interior makes finding your stuff easier; the large inside compartment (16-1/2" x 12-1/2" x 5-1/2") features a web platform panel and a large hidden pocket with a full BBS™/Velcro®-compatible panel to attach a holster or other accessory. Side pockets expand to hold a one-liter bottle. The bottom of the bag contains a rain fly that extends to cover the whole bag.

Twin front pockets (7" x 10" x 2-1/2") feature organization panels. A large back pocket (16-1/2" x 10-1/2" x 2") can hold a laptop and has an adjustable inner divider. The bag features a name-tape holder on the front for easy identification, and a luggage-handle-loop on the back for easy travel. Built from 1050D textured nylon. Imported.

56003 \$89.99

RANGE READY

If you're ready for a big range bag, the Range Ready is the one for you. Padded pockets throughout to protect you and your gear, the side pockets are sized to hold small to medium-sized objects while the main front panel comes complete with magazine pockets and an internal divided area. The front of the bag can be dropped down flat for a handy work-area. A removable ammo tote and brass bag let you carry just the essentials to the firing line. The Range Ready measures approximately 24" x 16" x 10" and is made from 600-denier polyester. Imported.

59049 \$119.99

Includes a removable ammo tote with mesh-bottom brass bag

30" long, 20" wide, 13" deep

Collapsible handle,
bottom slides and
rugged wheels.

MISSION READY

The Mission Ready is a large rolling bag that features heavy-duty wheels and axle, plus a collapsible handle for easy transport once you get to your destination. An internal mesh divider separates the top and bottom compartments and allows you to keep your gear more organized. The bag measures approximately 30" x 20" x 13" and has pockets on the side and top for organizing your smaller personal items. A laptop-keeper lets you secure your laptop case (or our Side Trip bag above) to the Mission Ready. Reinforced bottom corners and skids. Made from 1,600 denier nylon. Imported.

56005 \$159.99

PATROL READY

Pack everything you need for your next shift into this practical carry-all. Includes a water bottle pocket, thermos/flashlight pockets, baton loops and an internal organizer panel in the lid. Features a loop-side panel so you can attach patches, plus a transparent ID/business card window. Bag measures approximately 18-1/2" x 8" x 12". Black 600-denier polyester. Imported.

59012 \$59.99

POLICE Patch

59411 \$9.99

SHERIFF Patch

59410 \$9.99

Converts to a backpack

Two-sided interior
with tie-downs

TWO-DAY TAC

Looking for a great travel bag? Check out our Two-Day Tac bag. This bag features two main compartments that make it simple to stash work stuff on one side and clothing on the other. The Two-Day Tac measures approximately 20" x 6-1/2" x 12-1/2" and features backpack straps that can be neatly stowed into a compartment when not in use. Made from 1,600 denier nylon. Imported.

59062 \$79.99

SPECIAL THANKS to Alameda County Sheriff's Office for the outstanding hospitality for our Spring 2008 photoshoot. We greatly enjoyed our time in Alameda and the wide range of locations. Your team was great!

NTOA

We are proud to support the National Tactical Officers Association. Visit their website at www.ntoa.org for information about membership, their publications and their Member Tested and Recommended program where you'll find first-hand product reviews from your fellow end users.

GUNSITE

Location of our Fall 2007 photoshoot, Gunsite provides a wide range of firearm training.

Visit www.gunsite.com to learn about their course offerings and their outstanding facility located in Arizona.

5.11 Tactical subject matter experts...

We work with respected law enforcement trainers and Subject Matter Experts to develop new and innovative products. Look for these logos throughout the catalog, they designate product that has been developed with the direct attention of these top-tier tactical experts.

JEFF GONZALES, *Signature lines of 5.11 Tactical Gloves and Eye Protection, pages 44-45, 48-49.*

Jeff Gonzales is the president of Trident Concepts, LLC. TRICON is a reality-based company specializing in no-nonsense, battle-proven tactical training. Jeff is a highly-decorated and respected 12-year veteran of the U.S. Navy SEALs. See TridentConcepts.com for more information.

STEVE TARANI, *5.11 Tactical Knives, specified by Steve Tarani, pages 52-53.*

Internationally respected defensive tactics and personal safety expert, subject matter expert Steve Tarani is a full-time training provider of high-profile operational skills for various agencies worldwide. His training courses have been accepted as standard curriculum for a number of US federal and state-accredited programs within the criminal justice training community. Tarani is also a published author and architect of select IACP Model Policy and training programs.

KYLE LAMB, *5.11 Tactical Nylon, Field Tested by Viking Tactics pages 58-67.*

5.11 Tactical has joined forces with Special Operations Combat Veteran (RET) Kyle E. Lamb. He served his country for 21 years, 17 of which were with the most elite elements of the U.S. Army Special Operations Command. He has been decorated for valor in Mogadishu, Somalia, during the battle that was made famous by the movie *Blackhawk Down*. He was also decorated for valor during Operation Iraqi Freedom. SGM Lamb is one of the most credible and sought-after shooting and tactics instructors in the country. The owner of Viking Tactics, Inc. (VTAC™), and the inventor of the Viking Tactics Sling, his master-level expertise comes directly from real-world experience. Learn more at www.VikingTactics.com.

BLADE-TECH, *5.11 Revolution holsters engineered by Blade-tech, pages 50-51.*

5.11 Tactical and Blade-tech have partnered to bring you top-quality holsters and magazine pouches at a great value. We use a proprietary slick-surface polymer that is temperature stable to over 300 degrees farenheit.

5.11 Tactical Nylon gear, field tested by Viking Tactics, features our patent-pending Slickstick System that allows you to attach our pouches and web accessories while maintaining full compatibility with other standard web platforms. Our Load Bearing Vest, Plate Carrier, and Chest and Thigh Rigs are constructed of stiffened nylon mesh that supports the weight of pouches and their contents while offering superior airflow and breathability.

MISSION SPECIFIC FLEXIBILITY

Internal
drag handle
& hydration
pocket

LBE VEST

The ultimate load bearing platform, designed by experienced special forces operator Kyle Lamb. The LBE Vest is made from a stiffened mesh that provides the necessary structure for all your gear, yet allows air in for ventilation and breathability. The LBE Vest has our hidden document pockets and is fully compatible with our VTAC pouches plus standard molle gear. A grab handle is located on the interior of the vest, not visible to an outsider, but there if needed. A hydration pocket is also located on the interior of the back of the vest. The LBE Vest is adjustable in girth and length and is available in Reg and 2XL+ sizes. Imported.

58631 Reg, 2XL+ \$69.99
Black 019, Flat Dark Earth 131

CHEST RIG

A flexible platform for magazines, radios, etc. Reinforced open mesh for breathability. Reverse side has a map compartment. One size fits most.

58632 \$29.99
Black 019, Flat Dark Earth 131

LARGE PLATE CARRIER

The Large Plate Carrier serves as a flexible web platform to hold standard and oversized armor plates. Adjustments at the shoulder and torso allow the Carrier to fit almost anyone. Plates are inserted and secured with high-strength, adhesive-backed Velcro. Constructed of stiffened nylon mesh for stability and breathability. Imported.

58637 One Size \$59.99
Black 019, Flat Dark Earth 131

THIGH RIG

Mounts to your belt at the top and around your thigh to provide an additional platform for magazines, a med pouch or other molle gear. Reverse side features a built-in mesh drop pocket.

58633 \$29.99
Black 019, Flat Dark Earth 131

LBE BELT

Providing the operator an alternative to the standard web belt, the LBE Belt has full molle compatibility and is padded to make carrying your gear easier. The belt can be worn in conjunction with the LBE Vest and Large Plate Carrier.

58634 S/M, L/XL, 2XL/3XL, 4XL/5XL \$29.99
Black 019, Flat Dark Earth 131

UTILITY POUCHES

Pouches shaped and sized to hold specific items or sized to hold general gear. All pouches available in Black or Flat Dark Earth.

6.6 Pouch, 1050D nylon

58713 \$14.99

6.6 padded pouch, 5mm padding, 1050D nylon

DROP POUCHES

Our VTAC Drop Pouches fold up into a small and compact format, yet open up to offer plenty of practical storage space. Pouches feature an elastic drawcord that can be pulled snug or released with one hand. Our drop pouches feature the 5.11 Slickstick but can also be worn on a standard belt.

Drop pouches expand from a compact flat shape to a large open bag with one-handed elastic cord.

FIELD TESTED BY VTAC

VTAC™ 2 POINT SLING & 2 POINT PADDED SLING

The VTAC 2 Point Sling allows the shooter to adjust the overall length of the sling for rapid transitions from strong side to support side, and back. By pulling the free-running end of the sling you can snug your rifle up to your body, and by pulling the release you can easily release the sling to its original length. Available in standard and padded versions. Imported.

VTAC 2 Point Sling

59120 \$29.99

VTAC 2 Point Padded Sling

59123 \$34.99

The Buttstock Adapter allows the operator to attach any of our 2 Point Slings (including the Long Range Sling) to a traditionally styled rifle stock. Imported.

59126 \$4.99

The Long Range Cuff adds the functionality of the Long Range sling to our 2 Point and 2 Point Padded slings. Imported.

59127 \$14.99

VTAC™ LONG RANGE SLING

The VTAC Long Range Sling is designed for the long-range marksman. A separate cuff is attached to your bicep on your support side and then attached to the cuff with a snap shackle that allows quick release. By adjusting the sling length with the cam-lock you can create a stable shooting platform in a variety of shooting positions. The Long Range Sling also has a quick-detach buckle that allows the shooter to rapidly divide the sling into two separate pieces. Imported.

59124 \$44.99

VTAC™ SINGLE POINT SLING

The VTAC Single Point Sling allows the operator to adjust the sling from a fixed length to a dynamic "bungee" action. Our cam-lock allows you to adjust the overall size of the sling, then rapidly loosen it by pulling the release. The sling features a snap-shackle for easy attachment and instant detachment of your weapon. The VTAC Single Point Sling comes with four different attachment points designed to fit standard carbines and subguns. Imported.

59125 \$44.99

GUN CASES

Loaded with features, these cases are built with durable, water resistant 1,050-denier nylon and rugged YKK® zippers. Exterior and interior web platforms will accept any VTAC pouch or other compatible pouch. The main compartment features dividers in the corners and hook-and-loop lashing points. The front smaller compartment includes divider panels with web platforms. Both the main and front compartments are padded on all sides. The cases feature top and bottom compression straps and come with a removable shoulder strap. Imported.

DOUBLE GUN CASES

Built from durable, water-resistant 1050D nylon, our Double Gun Cases are padded with closed-cell foam to protect valuable optics and hardware. Interior compartments feature the 5.11 Slickstick System as well as an external pocket. The cases include 5.11's proprietary backpack system that allows you to position the case high or low. Nametape holder, flag holder, ID window and markable namestrip are conveniently located on the outside of the case. Comes with a free double magazine pouch worth \$15. Cases are sized to comfortably carry 36" or 42" rifles. Imported.

TACTICAL SERIES[®]

FIELD TESTED BY 

Full SlickStick web platform on front and sides

RUSH72 BACKPACK

The RUSH72 is a solid performer and part of the 5.11 Tactical Nylon collection, all field tested by Viking Tactics. Heavily constructed of water-resistant 1050D nylon, the RUSH72 features internal zippered areas within the main compartment and is sized for a 3-day trek. The front section includes an organizer panel with multiple mesh compartments. The exterior has two full-length side compartments, compression straps and a convenient sunglass pocket on top. On the back is a reinforcing board and an internal hydration pocket. YKK zippers are used throughout. The front features nametape and flag holders as well as web platforms. The RUSH72 comes with a free bottle carrier, a \$15 value, a limited time offer. Imported.

RUSH24 BACKPACK

A one-day backpack that you'll find uses for every day. Water-resistant 1050D nylon and heavy-duty stitching make the RUSH24 extremely durable. Nametape and flag holders, compression straps and a fleece lined eyewear pocket add functionality. A front organizer panel allows you to store your gear in an orderly manner, while the front top pockets include fleece-lined drop pockets to store your point-and-shoot camera, iPod or PDA. The RUSH24 has internal hydration and mesh pockets, lateral side pockets and external web platforms. The backpack comes with a free bottle carrier valued at \$15, a limited time offer. Imported.

CAMS 40" OUTBOUND

This is a MONSTER of a bag. With a 40" main compartment, this bag will certainly carry all of your gear. We partnered with VTAC to design a bag that's oriented for the outbound operator. It needed to be big enough to pack armor, clothes, hardware and other gear, yet rugged enough to survive transport when fully loaded.

The bag's rigidity comes from removable fiberglass, snap-in struts. With the struts in place, the bag stands on either end. Name tape and flag holders, markable name strips plus a business card holder and document pockets make identifying your bag easier. The top compartment zips away from the bottom to reveal a large open compartment with built-in lashing points (large enough for an AR). Heavy duty, lockable YKK® zippers and compression straps pull it all together and help minimize the bag's exterior dimensions. Imported.

59097 \$289.99

Bottom compartment holds full sized AR

Write bar, ID window, flag holder, compression straps and document windows

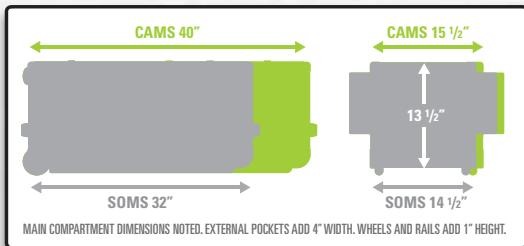

Light colored interior for easy visibility

Padded pockets and full bottom skids

Oversize wheels and haul handles

SOMS 32" OUTBOUND

Less monumental in size than the CAMS, the SOMS 32" Outbound is still a sizable rolling case. The single large main compartment measures 14-1/2" wide, 13-1/2" high and 32" long and has an adjustable inner divider. External padded pockets and a full-length pocket on one side allow plenty of storage space, yet keep things organized. Oversized wheels, bottom skids and grab handles on each end make handling this case manageable. Top document pockets, plus flag and nametape holders allow for easy identification. The single large main compartment is reinforced with fiberglass rods, which add rigidity and stability to the case and also allow it to stand up on either end. Imported.

58749 \$219.99

Write bar, ID window, flag holder, compression straps and document windows

Padded pockets and full bottom skids

Haul handles at each end

NEW**▲ PUSH PACK**

PUSH (short for Practical Utility Shoulder Hold-all) is built from rugged 1050D nylon and features a large main compartment with two side expanding pockets, each sized for a one-liter bottle. A zippered pocket behind the main compartment has loop-sided Velcro to hold Back-Up Belt System pouches or any other hook-sided pouch. An adjustable shoulder strap with removable pad, plus aero-foam padding on the reverse of the PUSH, ensure the pack is comfortable to carry. Nametape and flag holders are standard. Imported.

▲ KIT BAGS

You'll find these two new Kit Bags truly utilitarian and incredibly versatile. There are unlimited uses for these bags. The large Kit Bag can serve as a range bag, a go bag, a tool bag and more. The small Kit Bag is sized small enough to stow essential tools in your car or can temporarily convert to a travel shave kit. Both bags feature a fold-out organizer panel with multiple zippered mesh pockets, YKK zippers and padded shoulder straps. Made from 1050D nylon. Sizes below. Imported.

58725 Small Kit Bag \$29.99
